

Not part of a hate group

I have been a resident of Bloomfield Township for 25 years and sent my child through public school here. My husband, his brothers and my nieces and nephews have gone to public school here. I volunteered a lot at my child's schools. I am certainly not part of a hate group. I am a proud member of Bloomfield 20/20, a taxpayer watchdog group.

In the United States we have the right to oversee, challenge and recall our elected officials. It is not an evil thing to do. Whether someone has children in the schools now or never had them, doesn't matter. No taxation without representation.

Our district now has about \$70 million or more, in sinking fund dollars and other funds to renovate and maintain our buildings. They do not need another tax bond, which they've promised to bring to the ballot again soon. Yes, our schools need a lot of work, but, who is to

blame for letting them get into such bad shape? The BHSD Board of Education. All of our K-12 schools are about the same age. Their mismanagement and wasteful spending is why the seven Trustees should be recalled.

Send in your recall petitions by Oct. 6, to Bloomfield 20/20, PO Box 7411, Bloomfield Hills, MI 48302-7411. Call the Recall Hotline at 248-943-8580 for information or to ask for where you can sign. Join us!
