

Recall Update – Jenny Greenwell

The BHSD recall effort continues with the following changes:

1. We will continue to collect signatures until mid-December.
2. The recall includes 5, not 7 Trustees. Appointee Robert Herner has been deleted from the effort and Trustee Kate Petersen has resigned from the board.
3. Many petitions have been submitted with clerical errors, most commonly, the area to be signed by a “circulator” has not been **completed**. A person who signs a petition can also sign as “circulator,” as long as that person has “witnessed” his own signature and any other signatures on the **document**. Also, since the BHSD encompasses parts of 5 different municipalities, it is essential that signers affix their signature to a document that is specifically designated as the municipality of their residence. If you live in Bloomfield Twp, please sign a petition designated as “Bloomfield Twp.”
4. Due to clerical errors, which caused many petitions to be invalid, we have missed the deadline for a February election, but will continue to pursue a later date. In many cases, the petitions with errors can and will be corrected.

If you would like to sign petitions, or have an opportunity to collect signatures, please call the RECALL hotline at 248-943-8580.

Signed recall petitions and contributions continue to arrive at our PO Box, which is

Bloomfield 20/20
P.O. Box 7411
BH, MI 48302

The Oct. 18 presentation of a construction proposal has caused a “spike” in recall activity.

Please note: Bloomfield 20/20 volunteers are studying the proposal submitted by FNI for a newer, **larger** facility at the Andover site. Once the analysis is **complete**, you will be notified. If you have any comments or questions, please direct them to me or to the recall email address: Recall.BH.School.Board@gmail.com

Thanks very much for all you have done, and all you continue to do.
The taxpayers and students of the BHSD need a better board of education!
